Summer 2016 Housing Information

Location: Students living on campus during summer 2016 will be placed in Clayton A. Gay Hall.
Eligibility: Students who are attending May Session and Summer Session I and II at UMM will be given first priority for residence hall space. All other students may obtain housing provided there are spaces available. Students will be assigned to a double room with a roommate.
Assignments: Students will be housed in Clayton A. Gay Hall during the summer of 2016. The television lounge and study lounge on each floor are both air conditioned. Students will be assigned to a room space when they check into the hall. Students that have a roommate preference should note that on the summer housing application.
Construction Projects: Projects scheduled for Gay hall in the summer include roof replacement and window painting. The Office of Residential Life will work closely with Facilities management to ensure minimal disruption to students. Standard cleaning and maintenance in Gay Hall and construction work in nearby buildings may also result in brief interruption in utilities and/or noise for residents.
Period of Contract: Summer housing will be available to students from Sunday, May 15th – Saturday, August 21st. Students living on campus will be allowed to stay in their current room until Wednesday, May 18th. Students will need to move into their Gay hall room assignment on Wednesday, May 18th. Students must move into their fall 2016 assignments on the weekend of August 5th – 7th. In some cases the fall room may not be available due to a summer group staying on campus. In those instances, the Office of Residential Life will work with the individual student to determine a move date. If a summer school student is living off-campus during fall of 2016, they must check out of summer housing no later than 4:30pm on August 7th. Summer occupancy prior to May 15th is not permitted. No one is permitted to move into the hall without having first signed a contract. Contracts will be available at the Office of Residential Life beginning in April.
Costs: The cost will be $9 per night. Charge for each lost key is $60. Charges for additional cleaning will be $30 per hour. Checkout must be arranged with staff at least 24 hours in advance. Failure to arrange a checkout time with staff, or failure to check out at a scheduled time, will result in a $60 improper checkout fee.

Fees are due at the Business Office at the end of the month. Bills are sent out the first of the month.

Single Room Requests: Due to the high demand for housing in the summer, the Office of Residential Life is not able to guarantee a single room to any student unless the student is registered through the office of disabilities services and requires a single room accommodation.

Dining Services – Dining services will be serving lunch on a daily basis on Monday through Friday during the summer months. When summer camps and conferences are on campus, additional meals will be available. A calendar of available meals will be made available closer to the start of summer. No meal plan is offered during the summer months, but students are encouraged to purchase dining dollars which can be used for any meals offered and can also be used at Higbies.

Applications will be available at the Office of Residential Life beginning in April.
